Fibre-cement roof 150 m² | Tuusula

Description

Coating work for the Fibre-cement roof performed by Build Care Oy. The behavior of the ElaProof coating has been monitored since the beginning of the coating work. In the reference pictures, on the left are the pictures of the coating work, which was carried out in 08/2017, on the right are the follow-up pictures from the inspection visit in 04/2021.

Information

”We have a roof that is more than 30 years old and we were thinking about different options to renew it. It turned out that ElaProof is a new Finnish invention and a durable coating solution. By using ElaProof, we were able to extend the life of our roof. If the paintbrush stays in your hand, then using the product is easy,” says Samuli from Tuusula.
