

Coating of CLT Sauna bench

Arbeidserklæring

The steps of the sauna's CLT benches were first treated with ElaProof Primer, and then coated with ElaProof+SAND Floor Covering. On top of that, ELACOAT TopCoat was applied, which makes it easier to keep the area clean. Tikkurila's Supi Sauna Wax was used for treating the seating area.

Vareinformasjon

Kunde: Rental site

Mål: Sauna bench (steps)

Materiale: Cross-laminated timber - CLT

Entreprenør: Paloniitty Oy

Tid og sted: 06/2023
